ENGLE CONSERVATORY OF MUSIC

GENERAL STATEMENT

THE Eleventh Summer Session of Lebanon Valley College will be conducted both in Annville and in Harrisburg. Exercises in each subject will be held five times a week, from June 22 to July 31 inclusive. All courses, except some in science, will be held in the morning.

One Summer School will be held as usual on the campus at Annville, where the full college equipment will be placed at the disposal of summer students.

A Summer School will also be conducted at Harrisburg for the convenience of teachers in this vicinity. For this purpose the Edison Junior High School has been made available by the kindness of the Harrisburg School District.

REGISTRATION

In order that the work may proceed with dispatch upon the opening of the term, it is urged that arrangements for registration be made by mail. Applications for admission and registration will be received by the Secretary up to and including Monday, June 22. Address, Annville, Pa.

CREDITS

Certificates will be issued to all students showing the courses attended, grades and number of semester hours' credit. Courses taken during the Summer Session are credited towards the college degrees. One hundred twenty-six semester hours are required for the bachelor's degrees. For complete information concerning the requirements for degrees the candidate should refer to the college catalogue or address the Registrar.

EXPENSES

A registration fee of \$1 will be charged each student.

The tuition fee is \$7.00 per semester hour credit.

A laboratory fee is charged for Science Courses.

The charge for board and room is \$9 per week, \$54 per term.

The entire charge for registration, tuition, board and room for the term is therefore \$69.00-\$97.00.

The fees are payable at the time of registration, as a condition of admission to classes.

NOTICE TO BOARDING STUDENTS

Each room in the Men's Dormitory is furnished with a cot, chiffonier, mattress, one chair and student table for each occupant. Students must furnish their own bedding, carpets, towels, napkins, soap and all other necessary furnishings.

Each room in the Women's Dormitory is furnished with bed, mattress, chair, dresser and student table. All other desired furnishings must be supplied by the student. North Hall, the main dormitory for women, will be assigned to the use of women students at the summer term.

One 40-watt light is furnished for each occupant of a room. Any additional lights must be paid for by the student.

The more desirable rooms will be reserved in the order of application. No fee is required. Address the Secretary promptly in order that the most attractive room available may be reserved for you.

COURSES LEADING TO THE BACCALAUREATE DEGREES

An effort is being made by the College to offer in the Summer Session and the Extension Department all the General Requirements for the Baccalaureate degree. Most of these courses are announced for the present year, and the remainder will be made available at an early date. In courses where six semester hours are required, the departments will normally offer two hours in Summer School and four hours in a Supplementary Extension Course.

For the convenience of those working towards a degree, a full statement of the requirements is printed on the following pages.

ARRANGEMENTS OF COURSES OF STUDY

Lebanon Valley College offers four courses of study leading to the Baccalaureate degree:

- (1) A course leading to the degree of Bachelor of Arts (A.B.)
- (2) A course leading to the degree of Bachelor of Science (B.S.)
- (3) A course leading to the degree of Bachelor of Science in Education (B.S. in Ed.)
- (4) A course leading to the degree of Bachelor of Science in Economics (B.S. in Econ.)

The total number of credits required of candidates for these degrees is, in each case, 126 semester hours.

As part of this total requirement, every candidate must present at least 24 semester hours in one department (to be known as his Major), and at least 18 semester hours in another department (to be known as his Minor). Both Major and Minor must be selected not later than the beginning of the Junior year, the Minor to be suitably related to the Major, and chosen with the advice and approval of the Head of the Major department.

The A.B. degree will be awarded to those fulfilling the requirement for a Major in the following departments: Bible and New Testament Greek, English, French, German, Greek, History, Latin, Mathematics (Arts option), Political and Social Science, Philosophy and Religion.

The B.S. degree will be awarded to those fulfilling the requirements for a Major in the following departments: Biology, Chemistry, Mathematics (Science option), Physics.

The B.S. in Ed. degree will be awarded to those fulfilling the requirements for a Major in Education, but in this case two Minors of not less than 18 semester hours each must be presented.

The B.S. in Econ. degree will be awarded to those fulfilling the requirements for a Major in Business and Business Administration.

GENERAL REQUIREMENTS

Certain courses, embodying the fundamentals of a liberal education, are required of all students. These courses, which vary slightly according to the degree sought, are as follows:

A.B.	B.S.	B.S. in Ed.

* Twelve semester hours of Foreign Language are required of all candidates for the A. B. degree; six hours of this total must be from French 16 or German 16.

For explanation of numbers used above see the departmental announcements in the regular catalogue.

SPECIAL REQUIREMENTS

In addition to the General Requirements listed above, some of the departments require students majoring therein to take certain additional courses in subjects closely related to the Major.

Students outlining a course for a degree should communicate at once with the Head of the Department in which they intend to Major.

Candidates for the Baccalaureate degree who desire to be admitted to advanced standing, by virtue of work done in other institutions, should lose no time in having their credits evaluated by the Registrar, in order that they may be informed as to what requirements they must meet for graduation.

Bachelor of Science in Education. Lebanon Valley College grants the degree Bachelor of Science in Education. Normal school credits from recognized institutions will be allowed towards this degree on the following basis: work of a professional character will be equated on the basis of semester hours. Graduates, who have taken the full two years' normal course based upon four full years of high school work, usually receive approximately 60 semester hours, though each case is evaluated individually for credit towards the degree Bachelor of Science in Education. A total of 126 hours of

credit is required for the degree. For full information, address the Department of Education, Lebanon Valley College.

THE EXTENSION COURSES

To accommodate the needs of teachers in service, and for the convenience of those who are unable to pursue the work of the college in regular course by residence on the campus during the winter months, an extension department has been established. The offerings in Extension courses are listed on another page in this bulletin. Extension courses rotate from year to year so as to enable students to complete the work leading to degrees by residence during the summer sessions, which are coordinated with the extension plan in the offering of required courses.

RESIDENCE REQUIREMENTS

As a pre-requisite to the granting of all degrees the candidate must have completed a minimum of 30 semester hours of work in regularly conducted classes on the college campus. Teachers in service may meet this requirement by attending the Summer School and Friday and Saturday classes held during the year at the college. Credits earned in extension classes and at the Harrisburg Summer School are not residence credits.

SOCIAL LIFE AND RECREATION

The college recognizes that social activities and recreation have a proper place in cultural development. Accordingly, a series of social events and informal outings of students and faculty are fitted into the summer program. The opening event is a reception in North Hall parlors on Friday evening, June 26th.

Annville is happily situated amidst a variety of points of interest. Some of Pennsylvania's leading resorts are within short motoring distances. Mt. Gretna, Hershey, South Mountain resorts and numerous others of less prominence offer students interesting and wholesome recreation. At these places bathing facilities are of the highest order. Afternoon parties at any of these favorite retreats afford splendid relaxation, since class work is confined to the morning hours.

In the industrial field some of the country's leading establishments are within easy reach by motor. The world's leading anthracite coal fields are within an afternoon's ride, and an observation tour yields an educational return of more than ordinary value. The Armstrong Linoleum Company, at Lancaster, and the Hershey Chocolate Company, at Hershey, are leading American firms in their re-

spective fields, and are always genial hosts to students from the college. A visit to the Cornwall mines of the Bethlehem Mines Corporation introduces the visitor to some of America's richest mineral deposits and most interesting geological formations. These places are all within easy access of the college and tours are organized for the educational return derived therefrom.

During the summer term students will have ample opportunity to observe Pennsylvania's National Guard in military maneuvers. The military camp at Mt. Gretna is regarded as one of the finest of its kind in the country and field maneuvers are both interesting and instructive to observe.

The State Capital at Harrisburg, Valley Forge, The Cloisters at Ephrata, Conrad Weiser's Home at Womelsdorf, and Gettysburg are historical shrines within short distances of the college.

Well kept tennis courts are available for the use of summer students at all times.
